

Photograph Services

Choose between three levels of service:

Good "Scan Only"

An economy option - images the way the scanner outputs them*

What's included:

- **Meeting** with you to discuss your project
- **Dusting & scanning** your images
- **One original copy** of your images on a drive**

Better "Scan + Imaging"

Images that are ready to print or use

What's included:

- Applying **professional imaging work** to every scan, ensuring color, exposure and overall quality match or exceed that of the original.***
- We also **rotate** images to the correct orientation and **crop** to the image border.

Best "Scan, Imaging + Slideshow"

Images that are ready to print or use plus a basic digital slideshow

What's included:

- Creating a basic digital **slideshow** of your images with fade transitions between images and an opening title screen.
- **One original copy** of your digital slideshow as an MP4 or a playable disc plus JPEG images to a drive.**
- For playable discs, **customizing** the disc and case label with a photo and title of your choice.

*Images may need to be cropped and/or rotated. **Drive not included.

***This level of imaging work does not include restoring and/or repairing damage to the originals, with the exception that color and exposure issues associated with normal photo fading are almost always corrected unless color/exposure distortion is extreme. Digital restoration and repair is available as an additional service and is billed at \$90.00/hour.

Prints		Scan Only (JPEG files)	Scan + Imaging (JPEG files)	Scan, Imaging + Slideshow (JPEG files plus a playable disc or MP4)
All prices are per image (up to 8x10)				
Loose Prints	300 dpi	\$0.49	\$0.99	\$1.59
	600 dpi	\$0.69	\$1.19	\$1.79
	1200 dpi	\$0.89	\$2.49	\$3.49
Hand-Scan Print Items ¹	300 dpi	\$1.99	\$2.49	\$3.09
	600 dpi	\$2.99	\$3.49	\$4.09
	1200 dpi	\$4.99	\$6.49	\$7.49
Digital Pictures				\$0.99
Volume Discounts: 5% off over 250 images, 10% off over 500 images, 15% off over 1,000 images				
Minimum order: \$29.95 Scan Only, Scan + Imaging; \$99.95 Slideshow				

¹Any print item that is not a standard loose print may need to be hand-scanned, including mounted images, fragile or torn images, multi-page brochures, etc. Please note, odd shaped images requiring a custom crop, or images requiring special cleaning and/or handling (e.g. particularly fragile or multi-piece paper items, removing images from frames), may be subject to an additional per image charge.

Slides & Negatives		Scan Only (JPEG files)	Scan + Imaging (JPEG files)	Scan, Imaging + Slideshow (JPEG files plus a playable disc or MP4)
All prices are per image <u>except as noted</u>				
Slides – Standard Mount (2"x2")	1250 dpi	\$0.59	\$1.09	\$1.69
	2500 dpi	\$0.79	\$1.29	\$1.89
	5000 dpi	\$0.99	\$1.49	\$2.09
35mm Negatives - 1-4 image strips	1500 dpi	\$2.99/strip	strip + \$0.50/image	strip + \$1.10/image
	3000 dpi	\$3.79/strip		
	4000 dpi	\$4.59/strip		
35mm Negatives - 5-6 image strips	1500 dpi	\$4.99/strip	strip + \$0.50/image	strip + \$1.10/image
	3000 dpi	\$6.29/strip		
	4000 dpi	\$7.39/strip		
Hand-Scan Slides & Hand-Scan Negatives ²	1250 dpi	\$3.99	\$4.49	\$5.09
	2500 dpi	\$4.99	\$5.49	\$6.09
	5000 dpi	\$5.99	\$6.49	\$7.09
Volume Discounts: 5% off over 250 images, 10% off over 500 images, 15% off over 1,000 images				
Minimum order: \$29.95 Scan Only, Scan + Imaging; \$99.95 Slideshow				

²Any negatives that are not 35mm format and any slides that are not in a standard 2"x2" mount need to be hand-scanned, such as 1"x1" mounted slides, 110 negatives and glass mounted slides. Please note, images requiring special cleaning (e.g. moldy slides) and/or handling (e.g. removing images from mounts, warped originals, Advantix or Viewmaster Disc images), may be subject to an additional per image charge.

³Scanning resolution adjusted depending on image size to achieve final image resolution equivalent to 35mm images scanned at these resolutions.

Choosing a resolution for print scanning:

- Good 300 dpi** Sufficient for reprinting at original size or smaller
- Better 600 dpi** Excellent resolution for preserving, enlarging or editing
- Best 1200 dpi** Recommended by archivists for museum-quality archiving

Choosing a resolution for 35mm slide scanning:

- Good 1250 dpi** Sufficient for reprinting at a 4x6 size, may look pixelated on an HD screen
- Better 2500 dpi** Excellent resolution for preserving & editing, can print up to 8x12
- Best 5000 dpi** Recommended by archivists for museum-quality archiving, can print up to 18x24
